SEGUMAR

Contact directory

The Panama Ship Registry operates through a network of 14 SEGUMAR International Technical Offices and 12 Regional Documentation Offices, serving as global support hubs for the maritime administration.

Staffed by highly trained professionals, SEGUMAR offices ensure full compliance with maritime safety standards while delivering a range of services, from technical consultancy to certificate issuance, upholding the highest operational standards across the Panamanian fleet.

Each office represents a vital link in a network that reinforces the quality and credibility of the Panamanian flag. This directory provides contact details for our regional representatives, enabling efficient handling of inquiries and the timely processing of all procedures.
